HOW TO FIND GLOVE SIZE

Tell us regular size, if you know it. If not, measure right hand, holding flat with tape measure around knuckles, excluding thumb. Draw tape firm, not tight. Number of inches around hand is correct size. If hand measures between sizes, order next larger.

USE THIS CHART TO FIND YOUR RING SIZE

Wrap a piece of paper or adhesive tape ¼ inch wide fairly snugly over knuckle. Mark where it overlaps and cut ends to meet exactly. Lay paper or tape on the chart below, with one end at "A." The reading at the other end is the correct ring size. If end is between sizes, order the next larger size for good fit. IF YOU PREFER, write to Spiegel for a size chart or use the "ring sizer" at your nearest Spiegel Catalog Order Store/Desk.

HOW TO MEASURE DRAPERIES: Measure distance between rod brackets. For draw drapes, add 5 inches for center overlap; add amount of traverse rod projections from wall on each side. Example: if projection is 5 inches, add total of 15 inches to measured width—5 inches for overlap plus two 5-in. projections. For more information, see Fall catalog page 407.

AUSTRIAN POUF PANELS. Stationary panels of sheer Dacron® polyester ninon. So pretty 'n practical, too . . . just machine wash, drip dry; no ironing ever! Shirr on rod. Panel width 44 inches.
To order panels, measure from top of curtain rod to desired length and add 1 inch for heading. Allow 2 to 3 times width of area to be curtained. Order additional panels to fill wider areas.
Colors: Lime Green, Gold, White or Light Blue. Be sure to state catalog number and color choice.

NOTICE TO CUSTOMERS

On October 7, 1971, President Nixon announced that the United States was moving into Phase II of the Economic Stabilization Program, stating:

> "We will permit some adjustments of prices and wages that fairness demands, but we will not permit inflation to flare up again.
>
> "We will continue price and wage restraints until inflationary pressures are brought under control, but we will not make controls a permanent feature of American life. When they are no longer needed we will get rid of them."

Retail catalog sales are subject to price posting requirements, and under the applicable regulations Spiegel, Inc., is required to identify each price in this catalog that is in excess of the base price for that particular item. Since all items in this catalog are being sold to purchasers at a price not in excess of the base price for the product involved, no special identification has been made for any of the items appearing in this catalog.

Any customer may obtain information regarding the lawful base for any product sold in this catalog by writing to Spiegel, Inc., 1061 West 35th Street, Chicago, Illinois 60609, attention R. 3 Ways to Buy at Spiegel

Cash - Charge - and Monthly Payments

When you open a Spiegel Account you automatically become a member of the Spiegel Budget Power Plan which allows you to use the charge account and the Monthly Payment Plan. We reserve the right to accept or reject any application,—to restrict or limit any order or to terminate any account in accordance with our credit standards.

Terms Change Effective July 1, 1972

If your account was opened before July 1, 1972 and you continued to buy and have an outstanding balance each month, you may continue using your present low monthly payment terms. However, should you pay up your account your subsequent orders would be subject to our new, modified monthly payment plan. New accounts opened after July 1, 1972 are also subject to the modified terms.

To Open an Account—NoMoney Down

Just fill in application on back of order blank when you send your order. Credit orders must be for $10 or more.

To Add On an Order

Anytime your balance is less than the full amount of your Credit Trust Fund you can send another order for the difference. Simply add the amount of your new order to your present balance and figure your monthly payment on the total. If you send a payment with your order deduct that amount before figuring your payment.

To Place a Charge Account Order

Write your order in the usual way and check the Charge Plan on the Order Blank. There is no down payment and if the balance is paid in full, within 25 days of statement date, there will be no finance charge. Charge orders must be for $10 or more.

To Order for Cash

Please send check or money order (no stamps or COD) to cover cost of merchandise, plus shipping and handling charge and tax, if any. Over payments are refunded.

No Bookkeeping for You

We send you a personalized statement each month. This provides an accurate record of all Budget Power transactions. Purchases, payments, refunds, returns, exchanges as well as insurance premium (if you wish this protection) and finance charges . . . all are clearly shown to give you an accurate record of your account. Shipping/handling charges as well as tax, if any, are computed for you and included in your account.

Peace of Mind

As a member of the Budget Power Plan you are eligible for Spiegel Group Credit Life Insurance. (Acceptance of this insurance is not a factor in the extension of credit). This protection covers you and your spouse in the event of death from any cause, on your Spiegel balance up to a $2500 limit. The charge amounts to only .00165 of your beginning monthly balance (which, for example, is only 16½¢ for a balance of $100). This coverage is made available under a policy issued by the Guaranty Life Insurance Company of America. (Customers insured under the former plan are covered as outlined in their certificate). There is no medical exam, no age limit, no red tape. A certificate setting forth the provisions of the insurance is sent to you. You may terminate this insurance at anytime. We offer this valuable protection to enable you to use all the credit available to you with complete peace of mind.

For terms on balances of more than $1050 . . . or to request a larger Credit Trust Fund, please write us.

The FINANCE CHARGE is computed by a "periodic rate" of 1.65% which is an ANNUAL PERCENTAGE RATE OF 19.8% (minimum 50¢ monthly on balances under $30.30) applied to the average daily balance which is the average of the daily amounts outstanding on your account, and includes the charges, payments and credits posted during the month. Under the average daily balance method, the earlier installment payments are received during a monthly billing period, the lower the finance charge will be for that period. There is no finance charge if your first statement is paid in full, within 25 days of the statement date. Similarly, if on any subsequent statement your New Balance is paid in full within 25 days of that statement date, there will be no further finance charge. Of course, you have the right to pay up your account at any time and save additional finance charges.

OUR SAVINGS ARE PROVEN SAVINGS

Whenever Spiegel quotes a "was" or "were" price, we mean that the identical merchandise was previously sold by us at a higher price and is now reduced. If an item description does not include a "was" price or other basis for savings; you may assume that the item was specially purchased for this Christmas Book or is being offered at our regular low price.

How to Estimate Shipping/Handling Charges On Mailable Orders

On Credit Orders no need to figure. We do it for you and add to your Credit Account

Items in Spiegel catalogs with catalog numbers beginning with the following letters are mailed in separate packages:

A, C, D, E, F, G, J, R, S, T, U, V, W, X, Z

Figure the shipping charges separately for the weight of each package. (Note: Some items having catalog numbers beginning with the letter "S" are shipped in one package.) We refund if you send too much.

To Estimate Shipping/Handling Charges on Your Total Order

Find your parcel post zone from Chicago in Table No. 1 at right. Then use Table No. 2 below to find the rates. Find the weight of each item requiring separate postage (count odd ounces as 1 lb.). Now on the same line, across from the weight, find the figure under your zone, and this is the estimated shipping cost. Estimate the postage cost for the total weight of all other items in your order the same way. Some items such as typewriters, rings, watches, cameras, etc., are shipped insured Parcel Post. When this is the case an additional fee of 20¢ or 30¢ postage is assessed. Add these postage costs to find the total estimated postage cost for entire order. We refund if you send too much.

SPECIAL NOTE . . . items weighing less than 10 lbs. which measure over 84 inches in length plus girth require the 10 lb. rate.

Please list shipping weights on order blank. On some items we pay the transportation charge. When ordering any of these items note "prepaid" in space for shipping weight.

GENERAL INFORMATION

Mail/Express: Items given this designation because of post office restrictions on the weight and size of packages are mailable only to all rural route addresses and to second, third and fourth class post offices. If your area is served by a first class post office, and you are not on a rural route, these items must be shipped express. Check with your mailman or postmaster to find the class of post office serving your locality. (Note: Restriction does not apply to Alaska or Hawaii.)

If you live in an area served by a Spiegel Catalog Order Store, you can save on shipping costs by picking up your order at the store.

To Provide Fastest Service, orders are sometimes shipped by air jet, train or high-speed truck from Chicago to a post office near you. The postage on the package is only **part** of the total shipping cost and covers only the delivery from your post office to your home. Your total shipping cost is based on our regular published shipping charge from Chicago to your town, as shown in Table No. 2. This is the amount you pay. There is no extra charge for this special service.

Handling Charge—There is a handling charge of $1 on all orders shipped direct to you.

Send Personal Check or Money Order—WE DO NOT ACCEPT STAMPS. The Postal Service asks you not to mail coins or paper money. Use Post Office Money Orders, available at any postal station or from rural carriers; or American Express Money Orders, available at American Express Agencies, most Western Union Offices, and many other offices. The rates are the same in most cases. Post office rates are: 1¢ to $10 . . . .25¢ $10.01 to $50 . . . .35¢ $50.01 to $100 . . . .40¢.

We'll Ship AIR PARCEL POST on request. Shipping time is usually about one-fourth regular parcel post time. You can use this service to all post offices—your parcel is sent by fastest method from nearest airport city. Write "Air Parcel Post" across face of your order, and if sending cash, include correct amount.

Carry case with drawer converts to tent

Polly's hair grows, Mindy walks; magnetic hands hold tennis rackets, phone . . . more!

Round-the-clock wardrobe includes chic sportswear, formals, daytime wear, pj's!

Join Polly and Mindy on their vacation! They have a complete wardrobe and loads of extras to let them rough it or look glamorous. Both 11½-in. vinyl dolls wear the same size, so they can trade trendy outfits! They twist, and bend at joints to pose beautifully in almost any position.
For traveling, Polly sports denims, blouse and pullover. Mindy is comfortable in gingham shirt and slacks, has a skirt for later. At the camp both switch to bikinis, and Polly pulls on her matching skirt. Next morning they change from pajamas into cool cotton dresses for lunch in town, take along slick rain outfits to see them through a sudden shower. They even have evening outfits, plus fashion and sports accessories shown at right. Shpg. wt. 3 lbs. 6 oz.
